

Response from Michael Chan candidate for Markham Regional Councillor
received October 3, 2022

Thank you again for your inquiry. The matters and intelligent questions you raise on behalf of CFUW Markham/Unionville regarding environmental and agricultural protection, climate change, traffic congestion, and affordable housing are indeed of the utmost importance for the future of Markham.

Please be assured that, as he did for 11 years as a local M.P.P. from 2007 - 2018, Michael intends, if elected, to continue his proven record of leadership, achievements, service excellence, and tenacious advocacy for the people of Markham.

With his extensive experience and solutions-oriented approach, Michael will be well-prepared to request briefings from the city to gain a deeper understanding of the concerns shared by those he represents and amplify their voices.

Thank you again for your inquiry and for your organization's commitment to improve our community. Michael hopes you will support his candidacy so that he may have the privilege of working again, future forward, in unison with Markham residents to realize a vision for an even more remarkable Markham and York Region.

Best regards,

Karen
